

AIR DRIED
SIMO

DRIED

FEATURES

The sustainable alternative - climate-neutral & air dried

- gently air-dried
- sustainable:
 - climate neutral process
 - use of renewable energies

USE

Our dried fish-products are THE alternative. Air drying preserves the essential properties.

The use of renewable energies ensures the sustainability: the production process is carbon and climate neutral.

FORMATS

- 4 - 30 mm
- cubes
- strips
- chips
